Dear Fernando:

Thank you so much for visiting our offices and permitting me the opportunity to become more familiar with CONCANACO and the opportunities for an arrangement between our two organizations.

And, again, I apologize for the frustrations you have experienced in bringing an arrangement to finalization.

I would be curious to know if your Chairman will be in Washington, D.C. on Monday, September 11th. I am hosting a luncheon of prominent association executives, as per the enclosed list, on that day. If your Chairman would like to meet these industry representatives, I would be delighted to extend an invitation to both of you to attend. A few remarks from your Chairman would be most welcome.

With kindest regards,

Don J. DeBolt
President
