Dear Mr. Barrutia:

The Mobile Area Chamber of Commerce is in receipt of your letter of March 22 regarding the Third Annual Match-making session. Unfortunately, we will not be in attendance this year, but please advise us of future opportunities.

Can you tell me if your organization is involved with the use of the IBEX system which is being developed and promoted by the U.S. Chamber of Commerce? I am interested to know if Concanaco Servytur Mexico is an active player in this project.

In advance, thank you for responding to this request.

Sincerely,

James M. Apple, III
Vice President, Economic Development
